Our Mission

The Internship has been accredited for nearly 50 years by the American Psychological Association Commission on Accreditation. Our tradition of academic excellence ensures high quality preparation for a broad range of career choices. We aim to prepare interns to meet the mental health needs of children, adolescents, and families as psychologists in academic health centers and other clinical contexts.

- Child Assessment Training Emphasis
- Pediatric neuropsychologist faculty on all three rotations
- Strong preparation for postdoctoral fellowships in Pediatric Psychology, Pediatric Neuropsychology, Child Psychiatry, including our Pediatric Neuropsychology fellowship
- Nationally-recognized faculty
- Exposure to Psychiatric Emergency Room

For more information contact the Training Director, Bill Robiner, Ph.D. robin005@umn.edu (612) 624-1479

- Pursuit of excellence in education, service and research
- Refinement of competencies with children and adolescents in:
  - Psychological Assessment
  - Psychotherapy/Intervention
  - Consultation
  - Evaluation
  - Supervision
  - Cultural Diversity
- Refinement of professionalism and promotion of ethical conduct
- Promote professional and scientific interests to establish strong foundations for diverse career directions with healthcare emphasis
- Enhance knowledge related to the psychological and biomedical literature and to promote broader understanding of the results, limitations and clinical implications of scientific research
- Year-long, child-specific didactic series
- Interprofessional Education
- Competitive stipend and benefits

Each intern completes two of three six-month rotations:

Ψ Child and Adolescent Psychiatry
Ψ Pediatric Neuropsychology
Ψ Pediatric Psychology

Applicants are encouraged to submit three rankings to the National Matching Service based on their relative preferences among the rotations using the tracks listed with the NMS. This maximizes interns’ ability to tailor training to their interests and their chance of getting matched with the internship.
